Millican 1st Choice For U of F ?

By Jose Rodriguez

A news telecast last Monday indicated that according to reliable sources President Charles N. Millican was the prime candidate being considered for the presidency of the University of Florida (U of F) being vacated by Stephen O'Connell.

According to Todd Persons, assistant news director for Channel 6, "we decided to go ahead and use the story because the source is very reliable."

C. Barth Engert, FTU director of public information, said, "President Millican didn't know anything about it" prior to the time he was informed by Channel 6 sources.

Engert also said the reports about President Millican were only speculation and any decision about a replacement for U of F's President O'Connell would ultimately have to come from the Board of Regents.

Engert added, "President Millican is happy where he is." There were no further comments as to whether Millican would accept a formal offer to return to U of F as president. He once served there as assistant dean of the school of Business Administration.

If Millican were to accept, Channel 6's sources said a likely replacement for FTU would be Dr. James Gollatscheck, current

president of Valencia Community College.

Gollatscheck was out of town this week and unavailable for comment. However, he is scheduled to be the keynote speaker for the upcoming FTU summer graduation ceremonies.

Engert pointed out Gollatscheck's address to the graduating seniors was only coincidental and not to be taken

as corroboration for present speculations.

Dr. E.T. York, U of F's present vice president for agricultural affairs, has been asked to serve as interim president by BOR chairman J.J. Daniel.

York's appointment will be subject to approval at the upcoming July 25 meeting of the BOR.

FTU-FAU Offer Doctorate

By Jose Rodriguez

FTU and Florida Atlantic University (FAU) at Boca Raton will be the first state universities in Florida to offer an upper level degree program jointly.

The purpose of this cooperative arrangement is to enable Orlando area educators to complete course work and research leading to the attainment of the doctor of education degree while allowing them to remain in the vicinity.

The doctor of education degree program will make available two areas of emphasis. These areas will be administration and supervision and curriculum and instruction.

BECAUSE of a statewide moratorium placed by the Board of Regents (BOR) on the development of new graduate programs, this cooperative agreement will make available to qualified students a course of study at the doctoral level at FTU at the earliest possible date.

FAU will carry most of the burden in administering the program as the courses being offered at FTU will be extensions of already approved BOR programs.

Because the program originates at FAU, the degree will be conferred by that university and not FTU.

THE REQUIREMENTS for admission are: (1) A master's degree from an accredited university; (2) A grade point average of 3.25 or better on all post-baccalaureate work; (3) Combined verbal and quantitative scores of 1000 on the Graduate Record Examination (G.R.E.) and a score at the 50th percentile or above on the appropriate advanced section of the G.R.E. and (4) Three years' teaching experience.

Dr. Kenneth M. Michels, vice president for academic affairs at Florida Atlantic said, "The new joint doctoral degree program marks a milestone in the history of the State University System." "The concept of shared resources among the sister institutions has long been a goal of the Board of Regents," he added.

DR. LESLIE L. Ellis, dean of research and graduate studies at FTU said, "The students' program in the cooperative arrangement will be the same as in the regular FAU campus degree."

Dr. Nannette McLain, coordinator for advanced studies for the College of Education said, "This is the first step in the right direction."

Snackbar Prices Drop

Increased snackbar prices were rolled back as a result of President Nixon's June 13 price freeze.

Student Government President Lee Constantine and Vice President Hunter Potts called attention to the increased prices and James K. Eller, director of auxiliary services, complied by rolling back the prices. However, Eller said, as soon as the freeze is over, increases in prices can be expected.

The snackbar will be closed starting Aug. 1 for remodeling. The new snackbar will have carpeted floors, a separate room for FTU's pinball machines and subdued lighting.

A permanent wall will be built on the west side of the snackbar, creating a corridor leading to the multi-purpose room. Walls in the snackbar will be panelled and beer taps will replace the potato chip display.

Remodeling will be completed by the beginning of fall quarter.

FTU'S SINGLE gas pump will be pumping fewer gallons for campus vehicles this year due to the fuel rationing from Stadard Oil Co. Hoax or not, the current gas crisis will affect FTU. Allowing only 74 per cent of the requested fuel amount to be purchased. (Photo by Alan Geeslin)

Gas Crisis Hits FTU

By Michael Lochridge

Gasoline may be difficult to get in the quantity needed at FTU if the proposed purchasing contract with Standard Oil Co. is officially implemented by the State University System (SUS).

The contract states the maximum amount of gasoline available for FTU is 17,000 gallons. The invitation bid for FTU was for 23,500 gallons.

FTU will be able to buy only 74 per cent of its estimated gasoline requirements for 1974 fiscal year if the contract is put into effect, said Leslie M. Gross, director of purchasing.

All campus vehicles, including security automobiles, will be affected by the shortage.

Standard Oil, last year's supplier, was the only company among 19 to respond to the recent bid invitation by the Board of Regents on behalf of the SUS.

Their bid response contained provisions stating the supplier would be able to change prices with five days notice and would allow the buyers to have the right to terminate the contract if the price change is not acceptable.

The supplier would provide a minimum and maximum amount of gasoline and diesel fuel purchased. The minimum for FTU would be 11,000 gallons.

The total amount of gas offered by Standard Oil Co. for the SUS is 45,000 gallons below the annual needs established by the International Committee.

Gross issued a memorandum on June 26 to departments on campus in charge of vehicles which suggested the use of lock-type gas caps, fewer trips to town, reduced motor patrols and the use of scooters instead of four wheel vehicles.

KAREN CASS as Aunt Augusta confronts herself with objections to her nephew's and daughter's marriages in the

theatre department's "The Importance of Being Earnest." See Page 3 for review. (Photos by Alan Geeslin)

LITTLE MAN ON CAMPUS

"IT HAS COME TO MY ATTENTION --- OUCH --- THAT YOU HAVE SHOWN DISRESPECT FOR YOUR INSTRUCTORS --- OUCH --- AN' TH' RULES --- OUCH --- GOVERNING THIS INSTITUTION."

This public document is promulgated at an annual gross cost of approximately \$26,726 to inform members of the university community of related news, announcements and activities. Less an approximate annual revenue of \$9,065, this document is circulated for an annual net cost to the state of approximately \$17,660, or 8.5 cents per copy.

*** 'Earnest' Is Earnest? ***

By Lea Ward

Fractured social remedies are flung about with cheerful disregard for logic and good sense when THE IMPORTANCE OF BEING EARNEST comes to life on the FTU Theatre stage.

Oscar Wilde wrote a social commentary as much as he wrote a play when he gave his characters such lines as "...washing one's clean linen in public."

The comedy provides an evening of giggles and laughs with some social commentary hiding in the shrubbery. The most enjoyable performance is by Teri Robers,

as Cecily Cardew, a country maiden who has engaged herself to the scoundrel Earnest Worthing. Some fine character performances are by Steve

Wightman as the Rev. Canon Chasuble and Doug Emerson as the too, too bored and snobbish butler Merriman.

William Griffith plays Earnest Worthing. His performance lends humor to the comedy without being too cute.

Randy Fountain's performance as Worthing's onetime friend and brother becomes more believable as the production progresses.

Designer Rich Belcher does an extraordinary job of converting the auditorium into two period sets. The play is produced by Dr. Mays.

THE IMPORTANCE OF BEING EARNEST will play today and tomorrow at 8:30 p.m. in the Science Auditorium. Admission is 25 cents.

Just a hop, skip and jump from FTU!
